TOWN EARNS AAA BOND RATING FROM STANDARD & POOR'S AND MOODY'S

Standard & Poor's Rating Services has raised the Town of Vienna's general obligation bond rating from "AA" to "AAA". The Standard & Poor's analysis stated that the rating increase was "based on (the Town's) continued strong financial performance, including consistently very strong unreserved fund balances."

In June, the Town was notified by Moody's Investor Services that its bond rating was raised from "Aa1" to "Aaa." The Town's move to a Aaa rating is due to Moody's recalibration of its U.S. municipal rating scale to its global rating scale in mid-April.

These excellent bond ratings enable the Town to sell bonds at more favorable interest rates compared with those of municipalities not so highly rated, resulting in substantial savings for Vienna taxpayers over the life of the bonds.

Town Receives Historically Low Interest Rate on Bond Sale

The Town received a 2.49% interest rate on the sale of its Series 2010 Public Improvement Bonds, which is more than 1.5% below the lowest rate the Town has received on a public sale in the last 15 years.

This historically low cost of capital can be attributed in part to the Town's recently received AAA Standard & Poor's and Aaa Moody's bond ratings. It can also be attributed to the fact that the bond sale included Build America Bonds. These bonds, part of the American Recovery and Reinvestment Act of 2009, are a new type of taxable bonds that receive a subsidy from the Federal government, thereby lowering the effective interest rate paid by the Town.

The recently sold Series 2010 Public Improvement Bonds will finance several projects contained within the Town's Capital Improvements Plan (CIP) including street improvements, storm drainage improvements, facilities improvements, and water and sewer system improvements.

2011 CALENDAR DEADLINE

Attention Vienna non-profit organizations!

September 1 is the deadline to submit information about your community events for next year to be published in the 2011 Town Calendar.

Address calendar items to the Public Information Office, Vienna Town Hall, 127 Center St., S., Vienna, VA 22180, fax 703-255-5722, or e-mail pio@viennava.gov.

TOWN RECOGNIZED FOR EXCELLENCE IN FINANCIAL REPORTING

The Town of Vienna received the Certificate of Achievement for Excellence in Financial Reporting by the Government Finance Officers Association of the United States and Canada (GFOA) for its Comprehensive Financial Report (CAFR) for fiscal year ending June 30, 2009.

The Certificate of Achievement is the highest form of recognition in the field of governmental accounting and financial reporting, and its attainment is important to the Town in maintaining its excellent bond rating.

The Town's financial report was judged by an impartial panel to meet the high standards of the program, including demonstrating a constructive "spirit of full disclosure" to communicate clearly its financial story to citizens.

Copies of the financial report are available for public review at Town Hall, 127 Center Street, South, and online at www.viennava.gov.

TOWN'S ADMINISTRATIVE SERVICES DIRECTOR RECEIVES VML RECOGNITION

Director of VML Insurance Programs' Member Services Greg Dickie and Town of Vienna Administrative Services Director Nancy McMahon.

At the July 12 Town Council Meeting, Mrs. Nancy McMahon was presented with a Risk Management Award by the Virginia Municipal League's Insurance Program. She was one of four individuals recognized by VML Insurance Programs in 2010 for outstanding efforts in the area of risk management.

Mrs. McMahon is the Town's Administrative Services Director and is responsible for handling injured employee claims, and the Town's auto, liability and property exposures, among other human resources activities. She has continually maintained a good working relationship with both VML and other Town Departments and employees, thus enabling her to effectively carry out her risk management responsibilities. Her efforts with risk management activities have resulted in a safer community for both the employees and residents of Vienna.

NEW LIBRARY HOURS BEGIN JULY 1

The Fairfax County Public Library has changed its hours as a result of countywide budget reductions. The Patrick Henry Library, as well as other community branches, will be open from 10 a.m. to 6 p.m. on Monday, Wednesday and Friday; from 1 p.m. to 9 p.m. on Tuesday and Thursday; and from 10 a.m. to 5 p.m. on Saturdays. The Library will not be open on Sundays.

SESSUICENTENNIAL COMMITTEE TO BE FORMED

Next year marks the Sesquicentennial of the beginning of the four years of the Civil War. The Town of Vienna will be participating with other localities and states across the country in recognizing and learning from this tumultuous time in our Country's history. If you are interested in participating in the planning and execution of the Town's Sesquicentennial programs, you are invited to an organizational meeting on Tuesday, September 21, at 7:30 p.m. in Town Hall. Individuals and group representatives are invited to attend. For more information, call 703-994-9054.

COMMENT FROM THE COUNCIL TABLE

PUTTING WATER ON THE TABLE

By Councilwoman Laurie Genevra Cole

We need to talk about water.

We need to talk about where we get it from and why; how much we pay for it and why; and what the future holds.

First, some background: The Town of Vienna provides water and sewer service to Town residents and businesses. We also provide service to customers outside the Town limits. The Town owns and operates the delivery system for the water service (e.g. water mains, towers and pumps) but does not own its water supply. We have to buy water from another source—more on that in a minute.

Vienna owns and operates the sewer system that serves its customers. Our wastewater is treated at the Blue Plains and Norman Cole treatment facilities. We own rights to a certain amount of capacity at each plant, and pay treatment fees for what we use.

Vienna's history of providing water and sewer services is rooted in the time when the Town was a population center surrounded by undeveloped land. We took on customers outside the Town limits as, over the years, Fairfax County rezoned land for development in areas where the County could not provide service. We extended our water mains and increased our capacity to serve these customers at the County's request. Now, about 39% of our systems' customers are outside the Town's boundaries.

So, where does our water come from? Since 2008 we have bought all of our water from the City of Falls Church. For many years prior to that we purchased about a third of our water from the Fairfax County Water Authority (now called Fairfax Water), and the rest from Falls Church. We made the change

because, in simple terms, Falls Church sells to us at a rate (\$2.19 per 1,000 gallons) that Fairfax Water will not match.

It is interesting to note that Fairfax Water charges its residential customers \$1.93 per 1,000 gallons—yes, they charge their retail customers less than what they are willing to charge Vienna as a wholesale customer. Their explanation is that their wholesale customers paid to “buy-in” to the capacity of the system, and it would be unfair to charge Vienna a similar rate without that buy-in.

Why do we pay so much for water service? The two biggest components of our water rates are the cost of purchasing water and the personnel costs to operate the system. We set our rates by figuring the systems' expenses each year and dividing them by the estimated usage.

It is true that Vienna has the highest per unit rate in the area (\$3.99 per 1000 gallons). This is not a “We're #1!” status we are happy about. But I think we need to look beyond that one number to get the full picture.

Comparing Vienna to similarly-sized (that is, small) systems in our area shows we are not out of line with the going rate: City of Fairfax \$3.96; Falls Church \$3.03; Leesburg \$3.57; Manassas \$3.24. When other charges are factored in, such as service fees and excess use charges, on an annual basis, the Vienna customer will still pay more than the Fairfax Water customer but the difference narrows (\$732.72 vs. \$576.40, assuming 19,000 gal. per quarter). Again, we are on a par with the smaller water systems.

But no one wants us to have the most expensive water in the area. So what should we do? Keep running a small system or go in with a larger operator? The Town Council has been trying to make headway on this question for

several years. It has not been a fast-paced march to a conclusion.

In December 2006 Fairfax Water wrote

to the Town that it was not interested in taking over the Town's water system, but wanted to discuss being a wholesale provider. A year later, in November 2007, Fairfax Water and Fairfax County's wastewater department made a presentation offering to take over the Town's water and sewer systems. The offer proposed that the Town turn over the two systems (all the lines, towers, trucks, etc.). In exchange, Fairfax Water would freeze the Town's water rates for in-town customers until the rates for Fairfax Water caught up—which they estimated would happen in 2020. They would, however, lower the rates for the out-of-town customers. The Council did not believe this was a fair offer, or in the best interests of Town taxpayers.

We determined we needed an independent valuation of our systems' assets, to judge the fairness of any third party's offer to acquire our systems. Initially we planned to share the cost of the valuation study with Falls Church. We later decided to contract for the study on our own, and that process is finally underway. We are also evaluating the capital needs of our systems.

Another crucial factor, I believe, is the future of our Town personnel, who put the “service” in “water and sewer service.” They are an integral part of our system and our Town operations at large. How much value do our residents place on the service we provide, as opposed to just the commodity of water?

Space limits prevent the full treatment this issue deserves. Suffice it to say, we need to keep talking about water.

FY 2010/2011 BUDGET ADOPTED

The Town's adopted budget for fiscal year 2010/11, which began July 1, totals \$29,201,680 for all funds, a decrease of \$265,685.

The General Fund budget is based on a real estate tax rate of 24.48¢ per \$100 of assessed valuation, an increase of 1.67¢ from last year's tax rate. Based on the estimated median market value from 2010 assessment data, the average Vienna property owner will pay an annual real estate tax bill of \$1,172.94, an increase of \$16.77.

In the Water and Sewer Fund, based on current revenue projections, it was necessary this fiscal year to increase the sewer rates by 46 cents per 1,000 gallons for all users. The Town is continuing to work on a wholesale water agreement and is also examining the feasibility of an acquisition by another area water authority by appointing a firm to value the Town's water and sewer systems.

The Debt Service Fund continues to be supported by receipts from the meals and lodging tax. During this fiscal year, the Town anticipates issuing \$4.99 million in general obligation bonds that will be repaid over 15 years.

A "Budget in Brief" summary is shown below. The complete budget is available online at www.viennava.gov/Town_Departments/budget/budgetbrief.htm or to obtain printed copies, call the Administrative Services Office at 703-255-6350.

PLANNING COMMISSION MEMBER RETIRES AFTER 27 YEARS OF SERVICE

Mr. Emil Attanasi was recognized at the July 12 Town Council Meeting for his service on the Town's Planning Commission. Mr. Attanasi has served on the Commission since 1983 and retired on July 1, 2010.

At the Town Council meeting, Councilwoman Laurie DiRocco commended Mr. Attanasi for his unwavering dedication to the Town and said, "Because of Mr. Attanasi, everyone had to work a little harder (on the Commission) to ensure that their efforts would pass his muster."

Planning and Zoning Director Greg Hembree agrees and adds that Mr. Attanasi's institutional knowledge was second to none and, in many ways, inspired him to perform at the highest level possible and learn everything he could about the Town.

Mayor M. Jane Seeman presented Mr. Attanasi with a certificate recognizing his many years of distinguished service to the Town of Vienna.

Mr. Emil Attanasi with Mayor M. Jane Seeman, his wife Diana and daughter Jennifer.

CHURCH STREET'S JOHN EDWARDS HAIR DESIGN CELEBRATES 40 YEARS

On August 1, John Edwards Hair Design, located at 103 Church Street, NE, will celebrate its 40th anniversary. Mr. John Kurcina has owned the salon since 1970, first starting in the red brick house also located on Church Street and later moving to its current location in 1981. Mr. Kurcina says the best part about owning a business in Vienna is "the community" and the many kid-focused events that often take place around town. Mr. Kurcina is grateful for the continual support he has received over the years and expresses his deep appreciation to the Vienna community.

DEPUTY FINANCE DIRECTOR COMPLETES VGFO CERTIFICATE PROGRAM

At the June 21 Town Council meeting, Ms. Marion Serfass, Town of Vienna Deputy Finance Director, was recognized for her completion of the Virginia Government Finance Officers Certificate Program (VGFOC). This program, sponsored jointly by the Radford University Governmental and Nonprofit Assistance Center and the Virginia Government Finance Officers Association, provides training in many job-related areas and support for those wishing to pursue the national Certified Public Finance Officer (CPFO) designation.

In order to fulfill the certification requirements, participants must complete a series of courses that focus on accounting, budgeting, cash management, debt, administration, internal controls, Virginia Law, and other topics pertinent to state and local governments.

Ms. Serfass joins a short list of municipal employees who have successfully completed the certification program.

SCAM ALERT UPDATE

E-MAIL FRAUD

The Vienna Police have learned of a new scam wherein the criminal hacks into an existing e-mail account. The scammer then sends an e-mail to someone in the contact list requesting money.

This tends to look legitimate as the e-mail is actually coming from the friend's account. In one case, the e-mailer stated she was robbed and needed money from her friend to "pay her hotel bill as she was in another country."

Citizens are advised to be extremely cautious and always verify any suspicious or unusual requests for personal identification, passwords, account numbers, or money, made over the phone or via e-mail.

IDENTITY THEFT RULE OF THUMB: If YOU didn't initiate the contact regarding any personal information, passwords, account numbers, or money; it is probably a scam.

RECYCLE DROP OFF AT COMMUNITY CENTER

Recycle your keys, rechargeable batteries and cell phones at the Community Center. Please make sure your keys are metal and unadorned, i.e. no paint, plastic or other attachments. The recycling boxes are located in the lobby.

PROTECT YOURSELF AND YOUR STUFF: LOCK YOUR DOORS

As the summer months roll in, there have been a number of incidents involving vehicle tampering. This type of incident can be prevented by simply removing valuables or hiding them from view and locking your doors.

As a reminder, the Town of Vienna Police Department asks that, if possible, residents remove all valuables from their vehicles while parked. Also, conceal any visible evidence suggesting the possible presence of valuable items in your vehicle by storing cables, mounts or other devices inside your home or in the trunk of your car.

Lastly, and most importantly, **LOCK YOUR VEHICLES.** The Vienna Police Department feels that the majority of these crimes of opportunity can be prevented by simply locking your doors. We have found that in most instances, individuals simply walk around neighborhoods trying door handles. If a door is unlocked and opens, they rummage through the vehicle. If something of valuable is left visible inside a locked vehicle, these individuals may attempt to break in and retrieve it.

RIDING OUT DANGEROUS HEAT WAVES

Heat Safety Tips from INOVA Health Systems

Extreme summer heat can be more than uncomfortable, it can be deadly.

Follow these tips to prevent overheating and protect yourself from heat exhaustion and heat stroke:

- ★ Schedule outdoor activities in the early morning or early evening.
- ★ Take regular breaks in shady areas or indoors.
- ★ Avoid direct sunlight whenever possible and always use sunscreen to reduce the heat your body absorbs.
- ★ Drink plenty of fluids and don't eat a heavy meal before going outside in hot weather.
- ★ Call 911 immediately if you suspect that you or someone else has had a heat stroke.

HALLOWEEN PARADE WILL CELEBRATE VIENNA YOUTH SPORTS

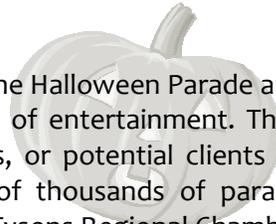

Do you love a parade? Then the Vienna Halloween Parade Committee wants you! Join in planning for the 64th annual parade, or help out on parade night, October 27. For more information, call parade chairman Rebecca Diamond at 703-463-4241 or e-mail rebeccadiamond1@hotmail.com.

The theme of this year's parade is "Pride of Vienna: Sportsmanship through Players, Coaches and Fans." The Parade's Co-Grand Marshals will be Bill Cervenak, Chairman of the Vienna Little League and member of the Baseball Foundation and Vienna Youth, Inc. and Mark Meana, First Vice President of Vienna Youth, Inc., Chairman of the Fairfax County Athletic Council and Chairman of the Fairfax County Youth Football League.

Entry application forms and information about the parade can be downloaded from the Town's Website, www.viennava.gov, or call the Vienna Parks and Recreation Department at 703-255-6360. The entry deadline is Thursday, September 30. Since space is limited to the first 90 approved applicants, the parade may fill before the entry deadline. Completed applications do not guarantee entrance.

Become a Parade Sponsor

Invest in a memory! Become a sponsor of the Halloween Parade and help maintain the parade's excellent level of entertainment. Thrill your friends, kids, grandkids, office mates, or potential clients by putting your name (or theirs!) in front of thousands of parade watchers. For information, call the Vienna-Tysons Regional Chamber of Commerce at 703-281-1333 or e-mail parade Chairman Rebecca Diamond at rebeccadiamond1@hotmail.com.

GREENING THE FREEMAN STORE

Energy Saving tips from your

Community Enhancement Commission

The Parks and Recreation Department currently sponsors seminars on energy conservation and other topics to help us learn more about being green. Recently, the Green Building Institute of Jessup, MD provided a seminar on home energy audits showing how many homes may reduce energy use and improve indoor air quality by simply closing up areas where outside air enters. The Town recently arranged for local home energy auditor Troy Tanner to perform an energy audit of the Freeman Store, which includes a "blower door" test used to reveal the locations of air leakage hidden from view. Mr. Tanner found total air leakage four times greater than recommended, significant leakage in the forced air ducts, degraded attic insulation, and more. His report includes a range of options that the Freeman Store governing Board will consider in light of the Store's historic preservation status.

Major sources of air leakage are often in full view. Look for a poorly fitting attic access panel or pull down attic stairs. The unsealed gap between the top of a basement wall and the structural sill board resting on it is another common source.

SOME PET SUMMER SAFETY GUIDANCE

From Animal Control Officer John Barker and The Humane Society Of The United States (HSUS)

Summer is a time for both you and your pet to enjoy the sunshine and be outdoors. Along with the fun, the season also offers up some situations that can endanger your pet. By taking the necessary precautions, you can decrease the chance that disaster will happen. The HSUS offers some guidance for pet owners to keep their furry friends safe this summer.

Never Leave Your Pet in the Car

In nice weather you may be tempted to take your pet with you in the car while you travel or do errands. But during warm weather, the inside of your car can reach 120 degrees in a matter of minutes, even if you're parked in the shade. This can mean real trouble for your companion animals left in the car. Dogs and cats can't perspire and can only dispel heat by panting and through the pads of their feet. Pets that are left in hot cars even briefly can suffer from heat exhaustion, heat stroke, brain damage, and can even die. Don't think that just because you'll be gone "just a minute" that your pet will be safe while you're gone; even an air-conditioned car with the motor off isn't healthy for your pet. To avoid any chance that your pet will succumb to the heat of a car this summer, be sure to play it safe by leaving your pet cool and refreshed at home while you're on the road. And if you do happen to see a pet in a car alone during the hot summer months, alert local animal control or the police department immediately. With a little care, we can all enjoy this season together here in Vienna.

THIS MONTH IN HISTORY

From the Vienna Newsletter archives.

AUGUST 2000 – Vienna celebrates a quarter century of recycling. As the Town completes the first year of its expanded curbside recycling program, it is also celebrating 25 years of progress and leadership in its recycling efforts.

AUGUST 1990 – For some two years now, the Public Works Department has been working with the Virginia Department of Transportation to develop plans for the reconstruction of Park Street, S.E., from Maple Avenue to Fardale Street. On August 27, a public hearing will be held at the Community Center for the purpose of receiving public opinion on the construction plans. Among other improvements, storm drainage pipes will be put underground, thus eliminating the deep ditches along Park Street.

AUGUST 1980 – All Town residents are invited to celebrate the inauguration of the Vienna-Oakton-Tysons Corner Jitneybus System. Opening ceremonies and festivities will be held on August 2, at the Minipark, corner of Maple Avenue and Center Street. The two 17-passenger Jitneybuses will run on Route 123 between Tysons Corner and Oakton, and within the town will carry passengers to the Community Center, Library, Post Office, Town Hall, the commercial areas on Maple Avenue and Church Street, and many parks and schools.

AUGUST 1970 – Trails have been constructed at Northside Park for the use of mini-bikes and riding will be allowed there as a result of action taken at the last Town Council meeting. Mini-bikes are illegal on public roads and sidewalks. Owners of the bikes will be required to have a permission slip signed by parents allowing them to ride on designated paths.
